PR & fundraising department is primarily responsible for advancing public relationship and raising funds for Huaxia Chinese School ' s various activities. With its member ' s diligence and the help from other departments and branch schools, the department has thoroughly studied the fundraising and PR approaches from the past few years and created a standard communication letter as well as a multi-year, multi-vendor package for reaching out companies, organization and private sponsors. The package has been used for exploring cross marketing opportunities and raised significant amount of funds for a variety of events during the school year 2010-2011, such as the Annual Teacher ' s Conference, the first Huxia Mind Sport Games, the 2011 Track and Field Games and the 2011 Huxia Star. The comprehensive fundraising package shall also be used for the coming years to enable the financial fundraising ability for Huaxia ' s educational programs. In addition, the PR & fundraising department has reached out to local communities. It has invited many VIPs from the US governments, local townships, the Consulate-General of People ' s Republic of China in New York, and many other organizations to attend a variety of Huaxia events, resulting in a very positive exposure of Huaxia Chinese School to the local communities. The department shall continue promoting Huaxia Chinese School ' s public image and brand through various venues, as well as seeking sponsorship from both private and public sectors.

() ()

With no urge to study the Chinese language and culture, there would be no Huaxia Chinese School. Started as one single school in one location, the HX Chinese School has expanded into 19 branches across four States over the past 16 years. With more than 7000 students sacrificing their Saturdays or Sundays and after school hours, with endless work of dedicated teachers always trying to do their best, HX has contributed significantly to our adopted country in terms of equipping her future citizens with a critically needed language, Chinese. Behind any progress made by our students is the endless effort as a result of volunteerism exhibited by the HX teachers, parents, and administrators.

The first effort in year 2010-2011 to ensure the quality of teaching is the annual teachers ' conference. More than 300 teachers and volunteers from 19 school branches gathered for the annual event. Invited experts, scholars, and HX teachers explored and exchanged ideas for more effective teaching. The conference featured both keynote speeches and individual workshops by experts in the field of Chinese teaching and teacher training. The responses from the participating teachers are very positive.

In addition to teacher training, organizing activities that encourage students ' use of Chinese is an important responsibility of the Education Department. Following the principal " " established in recent years, 2010-2011 Huaxia Speech Contest and Huaxia Debate Contest were held in three regions. Participating students gained an excellent opportunity to shine in their abilities to use the Chinese language.

Morris Chinese Academy accepts students from 3-year-old to adults. There are two primary teaching programs – regular Chinese classes and CSL (Chinese as Second Language). The regular Chinese classes are tailored for students who may speak some Chinese at home or have basic knowledge of Chinese language; CSL is specifically designed for students who have no exposure to Mandarin Chinese at home.

Since its inception in 1997, MCA school staff, teachers and parents have worked cooperatively to establish and perfect the way Chinese language is taught. The enrollment has steadily grown from 100 students in the 1st year to over 600 students now. Our CSL students have also expanded from a single student to a program with 8 levels, more than 10 classes and over 150 students.

In the past decade, MCA has worked very hard to maintain a high standard in recruiting teachers. We also developed professionally structured and effective training programs for our teaching staff. As a result, MCA has enjoyed the reputation of providing high quality educational services to our students within Huaxia Chinese School system.

It also has a variety of culture classes including singing, chess, Chinese chess, Chinese history, drawing, arts and crafts, Chinese knots, basketball, football, tennis, track, and also dancing and fitness classes for adults. Outside of the classroom, Huaxia Bergen hosts numerous events to cultivate students' interests in Chinese culture. Each year, the school hosts student speech contests, Chinese New Year celebration, and picnics and numerous other events. Our students have continuously achieved excellent rewards in the contests held by headquarter of Huaxia Chinese School.

In 2010, SATII Chinese and AP Chinese were added to our school classes list. These two courses were designed to help our senior students not only pass the school graduation exam but be able to succeed in the SATII and AP tests provided by the US government education authorities. In May 2010, 100% of our AP class students passed the test provided once a year by the US College Board and all of the students achieved the highest score of “ 5 ”. Huaxia Chinese School at Bergen is always looking to expand its learning environment to provide opportunities to more students willing to learn Chinese language and culture. Our school is the place where students can learn Chinese from the teachers who love children and Chinese. We are also seeking people who have a mastery of Chinese with a passion for teaching. Together we will advance this school to new heights and make both teaching and learning Chinese a fulfilling endeavor.
